

Specifications

- > Input Voltage: 110V/230V
- > Efficiency: >68% @ full load ,nominal line
- > Input Current: 10A/6A max
- > Inrush Current: 80A max @230Vac 50°C cold start
- > Input Frequency: 60~50 Hz
- > Leakage Current: 3.5mA max.

Features

- 500W 6 Output, AC Input design
- > Operating temperature range from 0°C to 50°C
- > Build in DC remote ON/OFF , PG/PF TTL signal
- > Build in a 8cm Sleeve fan
- > Compiles with FCC Class B,CISPR Pub. 22,
EN55022 Class B, and CE requirements
- > UL/cUL E222785, TUV and CB EN 60950 certified
- > MTBF 100KHRs @ 25°C per MIL- HDBK-217F
- > 1 years manufacturer warranty
